**RE: BEDFORD COUNTY UTILITY DISTRICT
DELIQUENT WATER ACCOUNT**

Dear Customer:

The Bedford County Utility District Board of Commissioners voted in March 2020 to not disconnect water service to its customers for non-payment. The reason for this decision is due to the on-going economic effects of the coronavirus within our community.

However, the District continues to provide drinking water to our customers. This requires us to pay our employees and suppliers for this service. For this reason, the Board has decided that cut-offs of customers for non-payment of outstanding bills will resume July 1. We urge you to resolve any unpaid bills prior to this date.

If you need assistance with paying your bill, please contact our office at 931-684-1667 as soon as possible. We will make every effort to work with you to settle your account.

Sincerely,

BEDFORD COUNTY UTILITY DISTRICT

Mr. Gene C. (Buddy) Koonce, Jr., P.E.
